TREES PLANTS SHRUBS BULBS

Twelve Years in Business

In this list we offer a very choice collection of Gladiolus bulbs, all the old favorites and many of the latest valuable novelties. All bulbs are graded one and one-quarter inches up in diameter and are guaranteed to produce fine spikes if given proper care. All prices in this list include prepaid postage anywhere in the United States. In case customers find it convenient to call here for their orders and save us packing and postage, we will in these cases allow 10 per cent discount on their orders. In no case will orders for less than one dollar be accepted, twenty-five bulbs at hundred rate. Our terms are cash with order. Our reference The Cleveland Trust Co., Painesville, Ohio.
